SPRING, 2010

Well the snow is finally melting, a reminder that Spring is on the way. It feels like Spring is coming in my personal life as well. This past year has been a difficult one. I am trusting that God is giving me a new beginning. I look forward to starting a new recovery group on March 10, 2010. The purpose of this group is to come alongside women who are overcoming issues of abuse. The recovery group runs for three months and is followed by an additional three-month study if needed. This Fall I hope to again begin a new group. I continue to counsel women on an individual basis as well.

I am praying about new ministry opportunities for the future and trust that the Lord will open doors in his time and way. In my last letter my closing statement was: "I am standing on God's promises to provide and care for us as I labor to provide and care for others." Praise God that he has done that even though we were met with challenges like death of loved ones and health issues. Jesus is the only thing worth living for, so I will go as his ambassador to the wounded women of our community.

Sincerely,

Lisa Hiestand
